Standard Colors

ARS offers nine Standard Colors, all able to be combined to create any shade imaginable. Our wearing course can be customized to implement a wide array of patterns, designs, or even logos of your choosing. With the use of a half-color and half-black granule mixture, projects can be kept in a cost-effective range and still have the vibrant, eye-catching effect that was initially desired.

Create your own PIP Color Mix!

Mix and Match up to 4 of our Premium Colors below to create endless color combinations!
Experiment with color mixtures in real time on our website at www.ARSRUBBER.com
